INVESTED FUNDS

Upwards of ONE MILLION THREE HUNDRED and FIFTY-SEVEN THOUSAND POUNDS STERLING.

Assured have the choice of two separate Classes of Assurance.

IN CLASS A. AT AN EARLY AGE.

An allocation of more than five years' sum applied in payment for many years, been and commencing with CASH PROFITS to Policy-holders during

ANNUITIES are paid in Money to the Policy-holder himself, commencing with THE POLICY.

Cash is made every year in this class to all Policies of not less than the preceding Annual Balance, and each Policy-holder's share is the Annual Premium. The Outlay required for the Policies has thus, 2½ cts. to 75 cts. of the Premiums, according to standing, at the end of the year, and £445,000 distributed in this manner to the lives

IN CLASS B. ASSURED, and may be extended to the Policy-holder himself.

At the Division for the sum Assured, was declared along with the Sum Assured age of entry. It is evident in a comparatively short period

But the Policy-holder reaches an average period of life, for

VALUABLE PROVISION FOR LIFE.

For Example, a Policy-holder for a sum of persons of that age, will be making the Sum Assured £2,500

Or he may exchange the Bonus Addition for an ANNUITY of about £102 payable during his life.

Such exchange will in no respect affect the Sum assured, which, as well as the right to future Bonuses, will remain intact for the Heirs or other purposes of the Policy-holder.

UNDER NO OTHER SYSTEM can anything like the same amount of benefit be obtained, whether as regards Increase of Sum Assured, or an equivalent in Cash Payment, or Life Annuity.

An ASSURER during the current year in Class B. will receive, at next division, ONE-FIFTH MORE BONUS than later Entrants—The difference being—probably so much as £40 on a £1,000 Policy.

The NON-FORFEITABLE System has also been adopted, by which, after payment of Second Premium, the Assured are protected from Loss in event of discontinuance.

The HALF-PREMIUM PLAN (peculiar to this Company) by which *Half the Premium only* is payable for Ten Years, without any charge for Interest, or any deduction from the Amount Assured, in event of claim arising during that period, will also be found attractive.

Notice to Parties interested in Water Power and Milling Operations.

I beg to inform the public that I have made arrangements with Messrs. W. P. BARTLEY & Co. of the St. LAWRENCE ENGINE WORKS, Montreal, for the manufacture and sale of my SAMSON TURBINE WATER WHEELS for the Province of Quebec.

A. D. COLE

Toronto, 7th March, 1871.

Messrs. W. P. BARTLEY & Co., Montreal.

DEAR SIRS,—Your favor of the sixth received. In reply we have four of Cole's Samson Wheels at work in three of our Mills; one took the place of an overshot, and two of breast wheels. In all cases they have given perfect satisfaction, doing more work with the same water. One very decided advantage is that they cost very little, are so simple that they don't get out of order, and are not affected with back water to any extent. We have been using them about two years, and quite believe they are the best Wheels in use.

Yours truly,

GOODERHAM & WORTS.

In reference to the above, we beg leave to say that we are prepared to execute promptly all orders entrusted to us for the COLE SAMSON TURBINE WATER WHEELS, and from the large amount of new, improved and labor-saving machinery, that we have just imported from the United States, and Great Britain, we are prepared to furnish every article required for Saw, Woollen and Grist Mills, and other Factories, at reasonable rates, and of a quality that will much surpass that produced by old and inferior machinery.

SHAFTING is with us a specialty. We have very superior facilities for supplying Shafting from one inch up to 15 inches diameter, and at rates and of a quality that cannot be approached by other parties. We can turn out from One to Two Hundred Feet per day, according to size.

THE IMPROVED TURKISH OR ROMAN BATH.

140 St. Monique, near Crystal Palace, Montreal.

There are many kinds of Baths, but the above Bath is, in its nature, peculiar and singular, and when rightly administered, produces results which cannot be obtained by any other:—

1st.—THE EFFECTS of this Bath are to cleanse and promote the healthful action of the skin, and the seven millions little perspiratory sewers or pores which open upon its surface, and carry off waste and effete matters from the system.

2nd.—TO PURIFY the blood by drawing off its impurities through the perspiration.

3rd.—TO EQUALIZE the circulation of the blood throughout the system, thus removing all local congestions of the head or internal organs.

4th.—TO SOOTHE and tranquilize the nervous system.

THE SPECIAL USES OF THIS BATH are to secure *perfect cleanliness, to preserve the health, prevent disease, and for its treatment a most invaluable agent*, especially for the cure of *Coughs, Colds, Rheumatism, Neuralgia, Intermittent Fever, Bilious Derangements, Scrofula, Bronchitis, Catarrhs, Malarial Fever, Local Congestions, Inflammations, and Skin diseases.*

This Bath has justly been entitled the "Queen of Baths," and ours having been constructed with all the most modern improvements and with perfect regard to ventilation, and being under medical supervision, we trust it will meet with that patronage which it merits, both as an invaluable remedial agent and also as a sanitary means.

P R E F A C E.

THE Publisher has much pleasure, in presenting the MONTREAL DIRECTORY for 1871-72, to announce to the public his sincere belief that it will be found one of the most complete and reliable works of the kind that has yet been issued from his establishment. As he was determined that neither trouble nor expense should stand in the way of his producing a correct Directory, he determined, after the names had been taken and put in type, to send out his agents a *second* time, in order to compare the *Street lists*, by a house to house investigation, and thus guarantee a correct ALPHABETICAL and STREET DIRECTORY. An improvement will be noticed in the arrangement of the villages surrounding the city. Hitherto, the names of the inhabitants of these places were inserted in the Montreal Alphabetical, but this year they are placed separately, and the location of the several villages described. The Miscellaneous part of the work will be found to be fuller and more complete than in any previous year, and the DIRECTORY, on the whole, will be found to contain a much larger number of names than has yet been published.

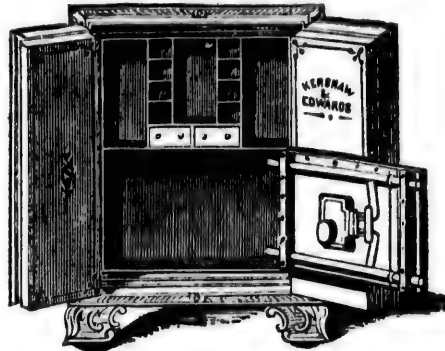

To the Officers of the Government, Public Institutions, the City Corporation, Societies and Companies, the Publisher is deeply indebted for the useful information they were kind enough to supply.

THE
EQUITABLE
Life Assurance Society,
OF THE UNITED STATES.

Assets, March 1, 1871	- - -	\$15,000,000 00
Annual Income	- - - - -	7,500,000 00
Surplus, beyond what is required for reserve,	- - -	1,500,000 00

Purely Mutual---All Cash---Annual Dividends

DIVIDENDS PAID AT THE END OF THE FIRST AND EVERY SUCCEEDING YEAR.

SUM ASSURED, NEW BUSINESS, } FOR THE YEAR 1870.	- - -	\$40,295,799.
--	-------	---------------

POLICIES NON-FORFEITABLE.

The Society will give a cash value, or its equivalent in a paid-up Policy, and thus make Policies Non-Forfeitable, as follows:

Life and Endowment Policies, the Premiums on which are payable during a stipulated period longer than Ten years, after THREE Annual Premiums have been paid.

All Five and Ten payment policies whether Life or Endowment, after two Annual Premiums have been paid, for as many *Fifths* or *Tenths* respectively as there shall have been payments made for full yearly premiums.

The progress of the EQUITABLE LIFE ASSURANCE SOCIETY has shown more rapid growth than any other Life Insurance Company in the world. This is probably owing to increasing confidence of the public in its stability, in its economy of management, and in its unswerving determination it has evinced in guarding at all hazards the interests of its existing policy-holders. As a Mutual Company it has made as equitable a return in the shape of dividends as any other institution of a similar character.

The Tontine Dividend Plan.

A MOST TEMPTING FORM OF INVESTMENT.

The TONTINE DIVIDEND POLICY originated with, and is a specialty of the EQUITABLE LIFE ASSURANCE SOCIETY: its advantages are demonstrated in instances of prolonged life of the most healthy men *expect* to reach advanced years. It is an admirable system to protect *Mortgage Estates*, requires but a limited number of premiums, and, after a certain date, promises an income which will assist in the payment of the *annual interest* on the Mortgage.

THE ÆTNA LIFE INSURANCE COMPANY.

From the Official Table on the other side, it will be seen that this Company has again, as for many years past, been honored with a larger amount of patronage in Canada during the past year, than any other. And not only so, but its new business is shown to have been larger than that of the whole of the THIRTEEN old country companies combined! There are substantial reasons why the ÆTNA is more successful than other companies. Chief among these is the

GREAT IMPROVEMENT IN LIFE INSURANCE

introduced by this Company and not afforded by any other. This consists of two most valuable features:

1stly. All its new policies (since 1865) are **NON-FORFEITING**, whether on the Endowment, Ten Years, Twenty Years, or Common Life Plan, after the payment of two annual premiums. Every policy embraces a title to a Paid-up Policy for as large an amount as its accumulated cash value will purchase, should misfortune, or any other cause, compel the insured to discontinue paying premiums. The amount of said Paid-up Policy will usually prove greater than, and on some of the plans, more than double, the Cash paid to the Company.

2ndly. Whereas the policies of all other companies doing business in Canada become worthless if the restrictions therein are violated, (it being generally expressly stipulated that "in every case where this policy shall cease or become void, all previous payments made thereon and all dividends accrued thereon shall be forfeited to said company,) the ÆTNA's Improved Policy, on the contrary, guarantees the return of the FULL CASH VALUE of the Policy at its expiration, if two or more annual payments have been made thereon, no matter how many restrictions may have been ignorantly or willfully violated. The ÆTNA's Improved Non-forfeiting Policy is therefore a **SAFEGUARD** to every policyholder.

By the above concessions, this Company has entirely removed the strongest bar to the progress of Life Insurance among the people, viz: the fear that they might be unable to keep up their payments, and thus lose all they had paid. It therefore merits the liberal patronage bestowed.

But there are other important reasons why the ÆTNA LIFE transacts a larger business in Canada than all the old country companies combined. One of these is its

MORE PROFITABLE INVESTMENT OF FUNDS,

resulting in large Annual Cash Dividends to its policy-holders. It will suffice to state that a Company with Assets of over \$16,000,000 securely invested at from 6 to 8 per cent compound interest, can afford cheaper and better life insurance than companies doing a very small and expensive amount of business, and taking away Canada money to be invested abroad at from 2 to 5 per cent. The difference from interest alone, upon the above sum is \$640,000 PER ANNUM!

The ÆTNA selects its lives from the healthiest sections and invests its funds in the best markets afforded by the entire continent; its expenses in proportion to business done, are less than any other company of its age; and its facilities for affording the cheapest, and at the same time the **TRUE** Life Insurance, are unsurpassed by any company whatsoever.

AMOUNT OF BUSINESS TRANSACTED.

A proper appreciation of the standing and business of the ÆTNA LIFE INSURANCE COMPANY is afforded by the following Table, giving the entire business of the respective Companies throughout the world, for their last financial year:—

NAMES.	New Policies Issued.	Amount of New Policies.	Total Income.	Deaths Claims of the year.	Total Amount of Policies in Force.

ÆTNA LIFE Ins. Co.....	12,217	24,705,474	6,374,377	1,500,158	195,775,000

The ÆTNA, it will be observed, with its low office and the low of expenses, transacts nearly as much business as the whole of the others combined, thus effecting a large saving, from this source, in distribution among its policy holders in Annual Dividends.

MERCANTILE AGENCY.

Established in New York thirty years ago on June 21st, 1841 and in Canada in 1857, for the promotion and protection of trade; Union buildings, St. François Xavier st., Montreal.

Our object, and that of our thirty branch and associate offices in the large cities of the United States of America, Canada, Melbourne, Australia, and London, England, is to give information to subscribers, of the standing of those who purchase goods on time, or otherwise require credit.

We are supported by fully three-fourths of the merchants, bankers and manufacturers of every community where our advantages are known.

"This institution, established in the city of New York many years ago, for the promotion and protection of trade, was the first organized effort ever made to relieve the merchants and manufacturers of the country from the insecurity of credit operations, and to substitute for the tardy, expensive, and unsatisfactory results of individual investigation, a system that should be alike prompt, economical, and reliable—whose purpose it should be to supply (to subscribers only) all necessary information as to the standing and responsibility of merchants, traders, manufacturers, public companies, &c., throughout the United States, their Territories, and British North America."

Collections of past due debts particularly attended to for all, whether subscribers to the Agency or otherwise.

Terms of subscription will be made known at the office, where we shall be much pleased to afford information as to the system pursued and to give (free of expense) to those who contemplate joining the institution, a reasonable test of the correctness of our reports.

Postal Regulations.

Mails are conveyed twice each way every
day, except Sunday, over the principal lines of
railway in Canada. Over the less important
lines of railway they are carried only once each
way every day, except Sunday.

Mails are also conveyed once each way every
day, except Sunday, over the principal lines of
common road; and once, twice, or three times
per week over the less important lines of com-
mon road.

The postal communication between Ontario
and Quebec and the Lower Provinces is six
times per week each way via Quebec, Rivière du
Loup and Edmundston, and once per week each
way by steamers from Quebec to Picton. Also
three times per week each way in summer
by steamers between Portland and St John,
N.B., and daily by way of Bangor, Maine
and Calais to St John, twice per week by
steamer between Portland and Halifax.

The most speedy and direct postal route from
Canada to almost every portion of the globe
(with the exception of the Continent of North
America, the Isthmus of Panama, New Zealand,

China and Japan and the West India Islands,) is by way of England, whence mails for the several British Colonies and Foreign Countries are regularly despatched.

The most speedy and direct postal route from Canada to all parts of the Continent of North America, the West Indies, Central and South America, is *via* New York.

The most direct postal route to New Zealand, China and Japan is *via* Detroit and San Francisco.

Mails for England are despatched as follows: By mail Steam Packets sailing from Quebec in summer and Portland in winter every Saturday; and from Halifax, Nova Scotia, every alternate Friday. By Steamer from New York every Thursday.

The following post offices in the Dominion of Canada make up mails direct for certain post offices in the United Kingdom, viz.:

Hamilton,	Fredericton,
Toronto,	Sackville,
Kingston,	St John,
O tawa,	St Stephens,
Montreal,	Chatham,
Quebec,	Dalhousie,
Halifax,	Newcastle,

Mails are exchanged daily with the United States post offices at all the principal frontier points, and closed mails are exchanged daily between the principal cities of the Dominion and New York and Boston.

Montreal exchanges Mails direct with the following American Offices:—Boston, Buffalo, Burlington, New York, Plattsburg, Portland, Rouse's Point, Rutland and Whitehall.

Mails for Bermuda and Newfoundland are made up at Halifax, Nova Scotia, whence steamers sail once a month to Bermuda and St Thomas, and once a fortnight to Newfoundland.

Rates of Postage on Letters.—The rate of postage on *prepaid* Letters between any one place in Canada and any other place in Canada, is regulated by weight, irrespective of distance, and is as follows:—

On a letter not more than $\frac{1}{2}$ an oz.,	3 cents.
" more than $\frac{1}{2}$ oz. but not ex. 1 oz.,	6 cts.
" " 1 oz.	1 $\frac{1}{2}$ " 9 cts.
" " 1 $\frac{1}{2}$ "	" 2 " 12 cts.
" " 2 "	" 2 $\frac{1}{2}$ " 15 cts.

And so on, 3 cents being charged for every additional $\frac{1}{2}$ oz., or fraction of half ounce.

If the weight be exceeded to the smallest extent, even though the balance be merely turned, the letter becomes liable to an additional rate.

Letters posted in and addressed to any place within the Dominion of Canada, if sent unpaid, are liable to a charge of 5 cents per $\frac{1}{2}$ oz.

In applying the 5 cent unpaid rate to letters passing within the Province posted unpaid or not fully pre-paid—it should be observed that a letter passes either as pre-paid at 3 cents per $\frac{1}{2}$ oz., on condition that the whole postage due be fully pre-paid—or at 5 cents per $\frac{1}{2}$ oz. if posted unpaid, or only partly pre-paid—in the latter case the full rate at 5 cents per $\frac{1}{2}$ oz. will be marked, and a deduction made therefrom of the amount which may have been paid—thus on an ounce letter pre-paid 3 cents only—the rate will be 10 cents and crediting the 3 cents paid—7 cents will remain to be charged, and collected on delivery.

The object of the 5 cent unpaid rate is to induce pre-payment, and thereby relieve the Office from costs and trouble of collection, but this object is equally attained whether the letter be wholly unpaid, or partially pre-paid—and therefore the same applies to the whole charge upon a letter in both cases.

The charge on local or drop letters posted at an office in Canada from that office is one cent for each letter, which *must* be pre-paid, or the letter will be sent to the dead letter office for return to the sender.

The charge on letters delivered by carriers in Canada, is two cents for each letter in addition to the ordinary postage.

The rate of postage on letters to Portland Island is 3 cents per $\frac{1}{2}$ oz. if prepaid, 5 cents if not prepaid.

The rate of postage on letters to land is 12 $\frac{1}{2}$ cents per $\frac{1}{2}$ oz., which must be prepaid.

The rate of postage on letters to Columbia and Vancouver Island is 10 cents per $\frac{1}{2}$ oz., which must be prepaid. This rate applies to the letter to San Francisco only; there is an additional charge on delivery.

The rate of postage on letters to the United States, is the same as for the other part of Canada, but all postage is pre-paid by postage stamp.

The rate of postage on letters between any place in Canada and any place in the United States, is 6 cents per $\frac{1}{2}$ oz. if pre-paid, 8 cents per $\frac{1}{2}$ oz. if not prepaid.

Upon a letter or packet, of any weight, addressed to the *United States* the whole postage or *none at all* should be pre-paid. If less than the whole is pre-paid no postage will be taken of it, and it is *entirely lost* to the sender.

The scale of weight under which letters are charged is the same as under which letters, passing between Canada, are rated.

The single rate of postage on letters between any place in Canada and any place in the United Kingdom, is as follows:

By Canadian Steamer, sailing every week from Quebec in summer, and from Halifax in winter, and from Halifax fortnightly, per $\frac{1}{2}$ ounce.

By steamer, sailing from New York every Wednesday, 8 cents.

Letters addressed to the United Kingdom, forwarded by either of the above routes, are charged according to the following rates:

Letters not over $\frac{1}{2}$ an oz., 1 rate.
Letters more than $\frac{1}{2}$ oz., and not ex. 1 oz., 2 rates.
" " 1 " " 3 rates.
" " 2 " " 4 rates.

And so on, adding one rate for every additional half ounce or fraction of a half ounce.

The postage on all letters posted in the United Kingdom, and in the Dominion of Canada, should be prepaid by postage stamp.

If sent unpaid 3d. sterling will be charged on each letter, on delivery, in addition to the ordinary postage rate.

Letters posted in the United Kingdom, Canada, unless specially addressed "By Canadian Steamer," or "By Cunard Steamer," are despatched in the first mail that is sent, whether for Canadian or Cunard line.

It is not necessary that the commuted rate of newspapers should be paid absolutely on the first day of each quarter. The regulation is intended to be carried out with all due consideration for the convenience of the public, and it will be sufficient if the person desiring to pay the commuted rate declares his intention and offers the payment when *first calling at the office* within a reasonable time after the commencement of the quarter: but after having made his

option to pre-pay the commuted charge, or to pay for his papers as received at 1 cent each, as the case may be, postmasters are not expected to alter their newspaper accounts to allow of a change until the commencement of the next quarter.

The commuted rate of payment *cannot* be accepted from new subscribers during a quarter for any unexpired period of the quarter.

Newspapers published in Canada, which are not posted from the office of publication, must be pre-paid 2 cents each by postage stamps, otherwise they will not be forwarded, but be sent to the Dead Letter office and destroyed. Papers of this class are termed "Transient Newspapers."

Publishers of newspapers in Canada are allowed to enclose in copies of their papers sent to subscribers, subscription accounts and receipts for the same without rendering them liable to any additional postage.

Packets of unbound newspapers published in Canada may be returned by a subscriber to the office of publication at the rate of 2 cents per 8 oz. or fraction of 8 oz., which must be pre-paid.

Transient newspapers addressed to the United States must be pre-paid 2 cents each newspaper by postage stamp, otherwise they will not be forwarded, but be sent to the Dead Letter office and destroyed.

Transient newspapers posted in the United States and addressed to Canada, are liable to 2 cents each on delivery. The stamp paid on these papers indicates that the United States postage only has been pre-paid, the Canadian rate of 2 cents remaining to be collected.

American newspapers posted or re-posted in Canada except by news agents to regular subscribers must be pre-paid 2 cents each by stamp, otherwise they will not be forwarded.

The option of paying the commuted rate on newspapers does not apply to papers published in the United States; papers addressed to regular subscribers must be paid for at the full rate of 1 cent each.

Canadian news agents and booksellers may post American newspapers unpaid, when addressed to *regular subscribers* in the Province; but such newspapers are chargeable, on delivery, with 1 cent each.

Newspapers posted in Canada and addressed to the United Kingdom must be pre-paid by stamp, 2 cents each newspaper.

It is forbidden by the regulations of the British Post Office to send through the post, *at newspaper rate*, any newspaper bearing more than one address. Persons sending newspapers to the United Kingdom from Canada should be careful to *cut off* the ordinary printed address pasted upon newspapers sent to subscribers in Canada from the office of publication, as any paper having thereon such printed address in addition to that of the party for whom it is intended will be sent to the English Dead Letter office.

When two or more newspapers are enclosed under one cover, postage must be pre-paid by stamp at the rate of 2 cents for each newspaper, or the package will be detained and sent to the Dead Letter office.

Newspapers forwarded by Canadian Steamer are delivered in the United Kingdom without additional charge.

Newspapers forwarded by Steamer from New York are liable, on delivery, in the United Kingdom, to one penny each, being the A. transit rate.

Newspapers posted in the United Kingdom for Canada should, if forwarded by Steamer, be pre-paid one penny each, otherwise they are subject, on delivery, to no additional charge.

If to be forwarded by Cunard Steamer should be pre-paid two pence each, or to be kept for the Canadian Packet.

British newspapers re-posted in Canada must be pre-paid 2 cents each by stamp.

British newspapers distributed to regular subscribers by Canadian booksellers or pass free in the same way as if received by Canadian Steamers.

Canadian newspapers addressed from the office of publication to subscribers in the United States, the United Kingdom, Lower Provinces, &c., may be forwarded on pre-payment of the commuted rate applicable to subscribers in the Province; but they cannot be forwarded unpaid. Care should be taken to see that newspapers are properly stamped at the Post Office where posted "Prepaid by Publisher." If they are in the absence of such stamp they will be mistaken for unpaid papers, and be returned accordingly.

Exchange papers passing between publishers in Canada and between publishers in the United States, are sent *free* through the post.

No newspaper, properly so called (except changes), whether devoted to education, commerce, agriculture, or to any branch of industry, is entitled to exemption from charge.

Newspapers addressed to Newfoundland must be pre-paid 2 cents each, by stamp.

No United States newspapers of any description (with the exception of exchange papers) are on any ground entitled to be sent through the Canadian mails free of postage.

In cities and towns where newspapers are published, the printers and publishers send them to the post office put up in a bundle to admit of their being readily counted, and, if necessary, withdrawn from their covers for examination. The newspapers for each office should be made up in strong paper in a separate parcel, which should be plainly addressed.

When the numbers of a newspaper published in Canada, or in any other of the British American Provinces, or in the United States, and issued daily, shall have remained in the office in Canada uncalled for during two months of a newspaper issued semi-weekly, or tri-weekly, during three weeks; of a newspaper issued weekly, during one month; and of a monthly paper, during two months, or when such newspapers and periodicals have been refused to be sent by the party to whom addressed, the postmaster is instructed to notify the respective publishers in the proper form, which is to be sent by post. If the newspaper or periodical continues to arrive after the notice has been sent, the postmaster is instructed to notify the publisher in the same way a second time, calling his attention to the first notice.

The name and address of the sender may also be written or printed on the envelope or cover

of the packet, in addition to the name and address of the person to whom it may be forwarded.

Book and Newspaper, Manuscripts and Printers' Proofs.—In Department Order No. 65, dated 24th Nov., 1863, permission was given for Book-Manuscript, and Printers' Proofs, whether corrected or not, to pass at the printed matter rate of one cent an ounce, and it now appears to be necessary to explain that by Book-Manuscript was meant the written sheets of any Book intended for publication, and the intention was to encourage literary productions, by affording facilities for Authors to send and receive such matter to and from their Publishers by Post. Printers' Proofs are the printed impressions taken by a printer, for correction or examination, of any matter passing through his Press. By Newspaper Manuscript is meant written articles (not including advertisements) intended for insertion in a newspaper or periodical, and addressed to the editor or publisher thereof for insertion. Under former regulations the written marks correcting such proofs rendered them liable to letter postage when sent by mail, and the intention of the Department Order referred to was to relax the rule in favor of such proofs, and allow them when corrected, to retain their character as printed matter, and pass at printed matter rates of charge.

PRINTED PAPERS, CIRCULARS, PRICES CURRENT, HAND BILLS, &c.—Printed circulars, prices current, hand bills, and other printed matter of a like character, posted in Canada, and addressed to any place in the Dominion, British North America, or the United States, are chargeable with a rate of 1 cent per oz. (one cent each when sent singly), which must be pre-paid by postage stamp.

The half-yearly School Returns made by School Trustees to Local Superintendents of Schools, may, though the printed form be partly filled up in writing with the names of the pupils and days of attendance, be transmitted by post in Canada at the rate of 1 cent per oz. to be pre-paid by stamp.

When not filled up the above forms are printed matter, and liable as such to 1 cent per oz. postage.

Military returns, states, and rolls, policies of insurance, containing written figures and signatures, may be forwarded as printed matter on pre-payment of 1 cent per oz.

Printed circulars are transmitted by post to the United Kingdom under the regulations and charges of the Book Post. They must be forwarded, however, open at the ends or sides. If sent in envelopes, sealed or unsealed, they are liable to letter rates of postage.

Prices current, posted in Canada and addressed to any place in the United Kingdom are liable to a rate of 2 cents each, which must be pre-paid by stamp, when sent singly; when, however, sent in packages to one address, they pass at book rates.

Prices current enclosed in envelopes sealed or unsealed or by the regulations of the Imperial post office liable to letter postage.

Lithographed letters and circulars are allowed to pass through the Post at the same rate as printed circulars.

Printed votes and proceedings of the Imperial Parliament and Colonial Legislatures pass to and

from the United Kingdom at the ordinary post charge.

Parcel Post.—Parcels closed at the sides, and not exceeding 3 lbs. in weight, may be posted at any post office in the Dominion addressed to any other post office in the Dominion at the following rates:

For each parcel weighing not more than 8 oz.
Exceeding 8 oz. and not exceeding 1 lb.

If the number of stamps affixed to a parcel be insufficient to pre-pay the proper amount deficient will be rated unpaid, and a fine of 12½ cents in addition.

Parcels may be registered, on pre-payment of stamps, of five cents in addition to the postage. When registered, the postmaster will give a receipt to the party posting the parcel.

Parcels sent by post may contain daguerreotypes, photographs, printers' and copy, military returns, statements, rolls, containing written figures and signatures; returns, deeds, legal papers, and transmissions of a like character not strictly letters.

To enclose a letter or letters, or any other matter, in a parcel intended to serve the purpose of a letter parcel intended for the Parcel Post, is a misdemeanor.

Should it be ascertained that a packet for the parcel Post contains a letter or letters, the stamps it may bear will be cancelled, and the parcel rated as a letter with full rates.

Parcels cannot be transmitted by post to any place beyond the limits of the Dominion of Canada.

The number of stamps affixed to a parcel sufficient to pre-pay the proper rate, if deficient will be rated unpaid, at 12 1/2 cents in addition.

Parcels may be registered, on pre-payment of five cents in addition to the postage.

When registered, the postmaster will give a receipt to the party posting the parcel. Parcels sent by post may contain stereotyped, photographs, printed copy, military returns, statements containing written figures and tables; returns, deeds, legal papers, and commissions of a like character not by letters.

Blank and Free Letters.—The following is exempt from Canadian postage: letters and other mailable matter.

Letters and other mailable matter addressed to or sent by the Speaker or Chief Clerk of the Senate of the House of Commons, or to or by any member of either House at the seat of Government, during any Session of the Parliament; or addressed to any of the members or officers in this section mentioned, at the seat of Government as aforesaid, during the ten days before the meeting of Parliament.

Refunding Postage.—Postmasters in Canada are allowed to refund postage in the following cases, only:—

Letters originating and for delivery in Canada, charged as weighing more than the actual weight.

Postage incorrectly charged on editors' letters addressed to publishers and editors, and on papers, which should legally pass free of charge.

Other claims for the return and abatement of postage must be specially referred to the Postmaster General for his decision, with reference to the letter or packet on which the return is made.

Undelivered and Dead Letters.—All letters remaining undelivered in the post office on the first of each month, excepting drop letters and such letters as are daily called for, are advertised in a list posted at the office door for the information of the public.

If a newspaper is published in the neighborhood, the Postmaster is, at the discretion of the Postmaster General, directed to insert this list therein, provided the proprietor will give it insertion at the authorized rate.

Parties applying at an office for advertised letters should always ask for them as such.

Letters and papers after remaining undelivered in an office for two months are sent to the Dead Letter office, as also are all letters refused by the person to whom they are addressed, or letters addressed to persons deceased.

Letters are opened in the Dead Letter office in order that they may, when necessary, be returned to the writers; but no Postmaster is at liberty to return a letter to the writer direct. All undelivered correspondence must be sent to the Dead Letter office.

Registration.—By the pre-payment of the following fee, in addition to the ordinary postage, letters and parcels can be registered at the office at which posted:

The registration fees on letters to British colonies and foreign countries will be found in the tables.

Every letter or parcel containing value should be marked for registration and presented to the Postmaster or his clerk, and a receipt obtained therefor. On no account should it be dropped into a letter box.

When letters are registered, both the postage and the registration fee must in all cases be pre-paid.

Books, periodicals, newspapers, circulars, and other printed matter cannot be registered (except books addressed to the United Kingdom) unless pre-paid the full letter rates, in addition to the ordinary registration fee.

Registered letters and packets can only be delivered to the parties to whom they are addressed or to their order, and a receipt must be given on the delivery of each registered letter in a book kept by every postmaster for that purpose.

It should be clearly understood that the post office is not responsible for the safe delivery of a registered letter or parcel. The registration simply makes its transmission more secure, by rendering it practicable to trace it, when passing from one place to another in Canada, from its receipt to its delivery; and when addressed from any place in Canada to any place in the United States, the United Kingdom, or parts

abroad, if not to its delivery, at least to the frontier or port of despatch.

Postage Stamps.—Every Postmaster is required to have on hand a sufficient stock of postage stamps, and to sell them to the public at 1 cent, 1 cent, 3 cents, 6 cents, and 12½ cents each.

The Department has discontinued the supply of stamped envelopes.

Under the authority of the Postmaster General, postage stamps are sold to certain dealers in the principal cities to retail again to the public, but no person other than a Postmaster, can sell postage stamps unless duly licensed to do so by the postmaster General under a penalty of \$40 for each offence.

Pre-payment of letters should, in all cases where practicable, be made by postage stamps.

A mutilated stamp, or a stamp cut in half, is not recognized in pre-payment of postage.

A medallion stamp cannot be accepted in pre-payment of postage separate from the envelope of which it may have formed a part.

No British stamps, or stamps of a foreign country, can be received in pre-payment of postage in Canada.

In affixing the stamp to the letter, wet slightly the corner of the envelope and the gummed side of the stamp and gently press the stamp until it is firmly fixed. Stamps should be placed on the front or address side of the letter, and on the right hand upper corner.

Letters cannot be pre-paid partly in stamps and partly in money; the postage must be pre-paid either wholly in stamps or wholly in money.

If the stamps affixed to a letter addressed to any place in British North America be not adequate to the proper postage, the letter is rated with an amount equal to the deficiency; the whole postage being calculated at the *unpaid rate*, e.g. a single letter pre-paid 1 cent would be rated 4 cents additional; a double letter pre-paid 5 cents only would be rated 5 cents additional.

Letters addressed to the United States, on which stamps are affixed representing less than the amount of postage to which the letters are liable, are rated with full unpaid postage.

Postage stamps are received at all post offices in payment of postage on unpaid letters delivered therefrom.

Postage Rates on certain Miscellaneous Matter passing within the Province of Canada, or to and from the United States.

1. Packages of seeds, cuttings, bulbs, roots, and scions, or grafts, may be posted in Canada for delivery within the Province or to an address within the United States, on pre-payment by postage stamps of a rate of 1 cent per ounce; and when received from the United States to any place in Canada, such packages may be delivered on payment by the person addressed of a like rate.

2. The limit of weight for such packages will be one pound. No communication, whether written or printed, must be enclosed in them; and they must be so put up as to be easy of examination, for the purpose of verifying the alleged contents. If put up in bags the bag must be simply tied at the neck, so as to admit of in-

spection; and in the case of such packages sent in Canada, the nature of the contents as "seeds," "roots," &c., as the case may be, be marked on the package by the sender, as a statement of the claim to pass reduced rate above mentioned.

3. Book manuscript, and printers' sheets (whether corrected or not) maps, drawings, engravings, photographs, whether on glass, or in cases containing glass sheet music (whether printed or written) pass in covers open at the end or side, provided that no letter or other communication intended to serve the purpose of a letter, closed therein, on pre-payment, when posted in Canada, by postage stamp of the ordinary printed matter rate of 1 cent per ounce, upon payment of that rate on delivery of the matter when received in the mails from the United States.

Transmission of Patterns of Merchandise, Samples between Canada and the United States, and certain other countries.

4. Patterns of merchandise and samples be forwarded between Canada and the United Kingdom, and Denmark, France, Italy, Belgium, and the German States by the Canadian mails, at book-post rates, and subject to the following conditions:

A. The patterns or samples must not have any intrinsic value; and this rule excludes articles of a saleable nature, and whatever have a value of its own, apart from its use as a pattern; nor must the quantity of material or article sent as a pattern or sample be so great that it could have on this an intrinsic value.

On this point an explanation in a subsequent Department Order, appears as follows:

B. It has hitherto formed part of the post office regulation that "samples or patterns must not be of intrinsic value," but in consequence of the difficulty that has been experienced in determining what is, and what is not a pattern or sample of merchandise of intrinsic value, this prohibition has been removed.

The modification is a verbal one, and does not alter nor enlarge in any way, the character of the transmission permitted to pass by post.

The special prohibition as to intrinsic value, has, it is understood, been withdrawn, to cause the question of value will not influence a decision as to whether or not a sample offered for transmission by pattern post is a genuine commercial sample (or pattern), but because as a general proviso it could not well be enforced; inasmuch as every sample, whether properly a pattern or sample, has necessarily more or less of an intrinsic value, and might be held to be amenable to a strict construction of this prohibitory of the regulation.

C. The patterns, &c., must be sent in open at the ends, so as to be easy of examination. Samples, however, of seeds, drugs, &c., such like, which cannot be sent in open, may be enclosed in bags of linen or other material, simply tied at the neck; or, if

in; and in the case of such packages, the nature of the contents, "roots," &c., as the case may be, marked on the package by the statement of the claim to pass at the rate above mentioned.

patterns of merchandise and samples forwarded between Canada and the United States, and Denmark, France, Italy, Belgium, and the German States by the Canadian mails, at book-post rates, and subject to the following conditions:

The patterns or samples must not have intrinsic value; and this rule excludes a saleable nature, and whatever value of its own, apart from its pattern; nor must the quantity of material or article sent as a pattern or sample be so great that it could have on this intrinsic value.

At this point an explanation in a subsequent Order, appears as follows:

It has hitherto formed part of the law of the office regulation that "samples or patterns of intrinsic value," but in view of the difficulty that has been experienced in determining what is, and what is not, a sample or sample of merchandise of intrinsic value, this prohibition has been removed, and the modification is a verbal one, and no enlargement in any way, the character of the transmission permitted to pass by the office.

A special prohibition as to intrinsic value, is understood, been withdrawn, and the question of value will not be a decision as to whether an article is for transmission by pattern post rates, or as a commercial sample (or pattern) as a general proviso it cannot be enforced; inasmuch as every article, whether a pattern or sample, is necessarily more or less of an article, and might be held to be amenable to the construction of this prohibitory regulation.

The patterns, &c., must be sent in the ends, so as to be easy of opening. Samples, however, of seeds, drugs, &c., which cannot be sent in open packages, must be enclosed in bags of linen or cotton, simply tied at the neck; or, if

the bags be transparent, they may be entirely sealed, if they are for delivery within the United Kingdom. Bags, however, entirely sealed, even though they be transparent, must not be used for the transmission of seeds to foreign parts.

The rule which prohibited the transmission of articles by the post, as patterns, of articles of jewelry, &c., has been rescinded; and scissors, razors, forks, steel pens, nails, keys, and such like articles, are now allowed to be forwarded by the post as samples, provided they be packed and guarded in so secure a manner as to afford complete protection to the contents of the mail bags, and to the persons of the officers of the post office. Such articles, however, must be so packed that they be easily examined; and it is made a rule that any packet containing such articles, which may be found to be insufficiently guarded, shall not be forwarded through the post.

The limits of weight are as follows:

for Canada.....	24 oz.
United Kingdom.....	24 "
France.....	36 "
Germany.....	8 "
Kingdom of Italy.....	36 "
Belgium.....	8 "
Netherlands.....	16 "
Portugal, Azores, and Madeira.....	16 "
Denmark.....	48 "
Switzerland.....	48 "

A packet of patterns or samples sent to France or Portugal must not exceed 18 inches in length or 12 inches in width or depth; a packet sent to any other place abroad must not exceed 24 inches in length or 12 inches in breadth or

any of the articles named in the rule D. may be sent as patterns or samples to any place except Germany, Belgium, and the colonies, and not to these places when sent "via France."

There must be no writing or printing other than the address of the person for whom the article is intended, the manufacturers or trade name, and the price of the article. Any infringement of the above regulations renders the packet liable to be treated and destroyed as a letter.

MONEY ORDERS.

Every money order office in Canada issues money orders on every other money order office in Canada as well as on every money order office in the United Kingdom. Every money order office in the United Kingdom also issues money orders on every money order office in

MONEY ORDERS IN ONTARIO AND QUEBEC.

The money order Post Offices in Ontario, and New Brunswick are authorized to issue money orders on each other for any sum, and for as many orders of \$100 each, as the applicant may require, upon the following conditions, in Ontario and Quebec:

On Orders up to \$10.....	5 cents.
" over \$10 and up to \$20..	10 "
" over \$20 " " " " " "	20 "
" over \$40 " " " " " "	30 "
" over \$60 " " " " " "	40 "
" over \$80 " " " " " "	\$100.. 50 "

MONEY ORDERS ON THE UNITED KINGDOM.

The money order offices throughout the Dominion also draw upon all the money order offices in England, Ireland and Scotland, and the Channel Islands, for any sum up to £10 sterling, and grant as many orders for £10 sterling each as may be needed to make up the amount to be remitted. The terms are as under

On Orders up to £2.....	25 cents.
" over £2 and up to £5....	50 "
" over £5 " " " " " "	75 "
" over £7 " " " " " "	£10...\$1.00.

MONEY ORDERS ON THE LOWER PROVINCES.

The money order offices in Ontario, Quebec, and New Brunswick draw also upon all money order offices in Nova Scotia, New Brunswick, Prince Edward Island, and Newfoundland. The orders, like those of the United Kingdom, are made payable in sterling money, and for sums up to £10 sterling. The terms are:

For orders on Nova Scotia the same rates of commission as upon money orders drawn by Ontario or Quebec upon offices within those provinces.

For money orders on the other provinces the terms are:

For orders up to £5, 25 cents.
" over £5 and up to £10, 50 cents.
No half cents can be introduced into orders.

No Money order exceeding \$100 in amount can be granted on any office in Canada; but Postmasters are at liberty to grant two or more orders for \$100 or for any lesser sum.—They cannot, however, grant two or more orders for sums of or under \$30 on the same day to the same applicant in favor of the same payee.

Tables showing the amount of Provincial currency required for money orders issued in Canada upon the United Kingdom, in addition to the commission, and for money orders issued in the United Kingdom upon Canada will be found subjoined.

Applicants for money orders should always use the printed application forms, in which they should fill up the particulars of the order required. These forms are supplied gratuitously at all money order offices.

The Christian and surnames in full, and residences, both of the remitter and payee, should be furnished to the issuing postmaster. When a married woman is either the remitter or payee, her own Christian name should be given, and not that of her husband, thus—

"Mrs. Mary Smith," not "Mrs. John Smith."
If the remitter or payee be a Peer or a Bishop, his ordinary title is sufficient. If a firm, the usual designation of such firm will suffice, such as "Baring Bros," "Smith & Son," "Jones & Co."

Parties procuring money orders should examine them carefully to see that they are properly filled up and stamped. This caution will ap-

pear the more necessary when it is understood that any important defect in these respects will throw difficulties in the way of payment.

Money orders, which, in consequence of misapprehension of the name of the remitter or place of payment, have been erroneously made out, can be returned to the postmaster and a correct order given in exchange; a new commission, however, will be charged on the corrected order.

Parties obtaining money orders on Canadian offices, can procure re-payment thereof on presentation of the order at the office at which it was issued, signing the receipt at the foot. No order, however, can be re-paid without the authority of the superintendent, unless presented for re-payment on the day on which it is issued. Neither can orders on the United Kingdom be re-paid without his special authority.

When a remitter desires an order on the United Kingdom to be paid through a bank, it is left to his option to give or withhold the name of the payee, or to substitute for the name of the payee any other designation or modification, such as "the Cashier of the Bank of England," "the chief Clerk of the Foreign Office." Such orders must, however, be crossed by the issuing postmaster with the name of the bank through which the order is to be paid.

The issue of money orders on credit, or for cheques not marked "good" by the bank drawn upon, is strictly prohibited.

If a payee is unable to write, he must sign the receipt at the foot of the order, in the presence of the paying postmaster, by making his mark, to be witnessed in writing; as for example

Witness—John Kenny, Joseph † Allen.
Queen Street, Toronto. Mark.

In cases of money orders issued in Canada, postmasters are at liberty to accept the written order of the payee on the order itself in favor of a second person, if through illness or insuperable difficulty the payee is prevented from presenting the order in person.

When a Canadian money order has been lost, either by the remitter or payee, the circumstance must be made known to the superintendent, who, under certain precautions, will issue a duplicate.

Duplicates of sterling orders can only be granted by the paying country. Thus the British post office issues duplicates of orders drawn in Canada on the United Kingdom, and the Canadian Head Money order office grants duplicates of orders drawn in the United Kingdom on Canada.

Money orders which are not presented until one full year after their date are considered as lapsed orders, and cannot be paid without the special permission of the superintendent. In all such cases satisfactory reasons should be given explanatory of the delay in the presentation of the order.

The Deputy Postmasters General of Malta and Gibraltar are authorized to issue money orders on the several money order offices in Canada. Money order offices in Canada do not, however, grant money orders on Malta and Gibraltar.

Amount in Currency to be paid in Money Orders drawn in Canada on the United Kingdom, and for Money Orders drawn in the United Kingdom on Canada, Sterling to 5s. Sterling.

Letter delivered to the wrong person in consequence of his name being the same as of the person for whom the letter is really intended, should be at once returned to the postmaster from whom received, the party signing on the cover "opened by me through mistake" and signing his name thereto.

Letters posted without any direction, or addressed so imperfectly that they cannot be forwarded to their intended destinations, and also paid or insufficiently paid letters addressed to parties to which letters cannot be sent without the postage is pre-paid, are returned to the postmaster through the Dead Letter office.

Information can be given respecting letters that pass through a post office except to the person to whom they are addressed.

Parties desiring their letters and papers to be returned should send an intimation to that effect in writing, to the postmaster of the office to which letters and papers are to be returned.

Postmasters are allowed to re-direct letters to known places of residence of the parties to whom they are addressed, after allowing a reasonable time to elapse without their being returned.

Letters and papers are not subject to any additional charge when re-directed from one post office in Canada to another post office in Canada.

Postmasters are instructed not to receive any letter or packet which there is good reason to believe contains glass or anything likely to injure the contents of the bag or of a person of any officer of the post office.

The transmission of obscene photographs or prints, and immoral books, papers or publications through the Post is strictly prohibited, and all packets containing such articles should be stopped and sent to the Postmaster-General.

A postmaster is not legally bound to furnish change; but may require that the exact amount of postage on any letter or packet be tendered to him in current coin, or in Canada postage stamps.

Postmasters and their assistants in the above matter, as well as in all their official intercourse with the public, are expected to afford every accommodation, and to treat every person having business at their offices with the utmost courtesy.

Letters cannot be delivered at any intermediate office en route, but must be conveyed to the office to which they are addressed.

N.B.—The Currency amount to be added for any broken sum between the pounds Sterling, viz., from £1 to £5, will of course be taken from the scale above. Thus for an Order of £3 18s. 11d. Sterling: £3 is \$14.60; and, for 18s 11d. \$4.60, which will give the full value of the Order, viz., \$19.20.

BILL STAMPS.

Bill Stamps—Are distributed for sale very generally throughout the Post Offices in the Province: these stamps are of various values from 1 cent upwards. Bill stamps cannot be used in pre-payment of postage.

Law Stamps—Are also for sale at the principal Post Offices in Lower Canada.

General Regulations—Postmasters and certain other officers of the department are exempt from serving on juries or inquests. This exemption applies to mail carriers, but not to assistants appointed and paid by postmasters.

Postmasters are not authorized to give credit for postage, if they do so it is entirely at their own risk.

A letter once posted becomes the property of the person to whom it is addressed, and must be forwarded according to its direction. On no application, however urgent, can it be delivered back to the writer, or to any other person.

A letter addressed to a firm may be delivered to any member of the firm. If addressed to several persons, it may be delivered to any one of them.

As evidence of the real merit of our manufactures a medal was allotted us at the Dublin Exhibition or World's Fair.

To occupy the extensive facilities which we have at our command for the manufacture of Boots and shoes, it is necessary that we should send Goods to all sections of the Province, however remote; every inducement allowed in commerce will be granted to this end.
